January 14, 2003

RE: Chicony Electronics, Inc.

FCC ID: E8HMSR0238B

I have a few comments on this Application.

- 1.) Form 731 as submitted calls this device a "27MHz Wireless Keyboard". This device is quite obviously a wireless mouse, correct? It shall be labeled such unless you have some objections.
- 2.) The Block Diagram supplied does not meet the intent of Part 2 of the Rules. Please provide a block diagram showing the frequencies and their paths within this device.
- 3.) The Manual makes mention of a "shielded power cord". Please revise.

A handwritten signature in black ink, appearing to read "William H. Graff".

William H. Graff  
President and Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
