FROM: Scott Parker, Electrical Engineer

SUBJECT: Request for Certification FCC ID: E9698109

Gentlemen:

Motorola, Inc., 1500 Gateway Blvd., Boynton Beach, FL, 33426-8292, hereby requests certification for the Creatalink™2 XT transmitter models FCC ID: E9698109 as set forth in the Federal Communications Commission's Rules and Regulations, Part 2 and 24.

Model FCC ID: E9698109 is a Frequency Modulation Communications Transceiver having two frequency conversions and is designed for the reception of one fixed frequency within the range of 929 to 941 MHz and transmission in the range of 896 to 902 MHz.

This radio equipment is intended for use in the common carrier paging system, PCS system, and SMR system.

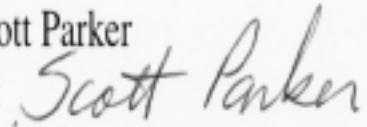

FCC ID: E9698109

STATEMENT OF CERTIFICATION

The technical data supplied with this application, having been taken under my supervision, is hereby duly certified. The following is a statement of my qualifications:

1. Bachelors of Science in Electrical Engineering, Virginia Polytechnic Institute & State University, May 1995.
2. Two years of design and development experience in two-way pagers (PCS band) for Motorola, Inc., Fort Worth, Texas, 1996-1998.

Name: Scott Parker

Signature: 

Date: 10/16/98

Position: Electrical Engineer

I hereby certify that the above application was prepared under my direction and that to the best of my knowledge and belief, the facts set forth in the application and accompanying technical data are true and correct.

Name: John Szpak

Columbia, Maryland 21045

FROM: William [Mac] Elliott, Staff Compliance Engineer

SUBJECT: Request for Confidential Treatment FCC ID: E9698109

To the Commission:

This is to request that the attached material associated with the application for the Creatalink™2 XT models FCC ID: E9698109 be withheld from public inspection and be treated confidentially. This request is made under the provisions of Section 0.457 (d) of the Commission's Rules 47 C.F.R. 0.457 (d) (1997), and Section 552(b) (4) of the Freedom of Information Act, 5 U.S.C. 552 (b)(4). The attached material , namely the schematics, is confidential commercial or business information that would not customarily be released to the public and that would not be apparent to the public from an examination of the equipment. Release of these materials to the public would cause the company substantial competitive harm. Under these circumstances, the information qualifies for confidential treatment under the FCC's rules and the FOIA.

The filing fee required with this request has been submitted with the payment for the approval fee.

Should you have any questions concerning this matter, please call me at your earliest convenience.

Regards,

Mac Elliott
