

## STATEMENT OF ATTESTATION

DXS-65 - Remote Control Transmitter

FCC ID: EF4 SST00121

The equipment under test is a low powered fixed or semi-portable transmitter that is typically used as an emergency signaling transmitter for security systems. Optional supervisory signals may be provided by this transmitter.

This equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed, as defined in the Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis.

I further certify that the necessary measurements were made by Linear LLC, 1950 Camino Vida Roble, Suite 150, Carlsbad, California. 92008.
