Agent	Sean MacKellar
Approval Type	Class II Permissive Change
Equipment Class	DXT Part 15, Low Power Transceiver, Rx Verified
Rule Part	15.247DSSS

Overview

This application is for a Class II Permissive Change of FCC ID: EHADRCB, a Wistron DRCB 802.11(b)/(g) radio module. No changes have been made to the output power of the radio, antennas, or board design. The only difference is that one preamp went end of life and needed to be replaced with an equivalent one. The new preamp does not change any radio parameters (e.g. output power or frequency).

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
