RE: CONFIDENTIALITY REQUEST FOR Wireless Telephone Jack, Model 3240 & 3241,
FCC ID: ELI324X

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We have requested that the schematic diagrams, Bill Of Material, layout drawing and the TLE_II 2G4 Frequency hopping description required to be submitted with this application be withheld from public review. The reason for this request is that the documents contain company proprietary information that should not get into the possession of other companies.

Please contact me if there is any information you may need.

Sincerely,
Senior Project Manager
Kent Messerschmidt
