RE: Primax Electronics, Ltd.

FCC ID: EMJM2CB06

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) The FCC database lists C. Huang as the Grantee code contact window. But the signer of the Confidentiality Request and the POA appears to be Keene. Under what authority does Keene act on behalf of Primax? We must have an unbroken chain from the contact person listed at the FCC database and the signer of any documents. Please review.
- 2.) Was the device tested across three orthogonal planes as required by ANSI C63.4, or was it tested simply in a "normal" position on the site table at 3M?

William H. Graff
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
