Purpose of Change

Dear Sir/Madam,

FCC ID: EW780-5214-12

The changes on 9357 is based on previous certified 9127. The duplexer in RF module has been changed from two dielectric filters to one SAW duplexer. Two opening on shield can (for dielectric filters) were deleted on RF module. The RFIC was changed from package form to Die form. An integrated telephone answering device (ITAD) was added on base unit.

The purpose of this change is for production requirement and feature requirement.

This change is not intend to change maximum transmit output power and/or field strength.

Except above changes mentioned, others are remain unchanged.

Best Regards,

Simon W.M. Wong
Senior Electronic Engineer
R&D Department
