Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-5735-05 (Handset)

The purpose of this document is to describe all the changes that are made to the VTECH designed model, VTech **CS5121 and CS5121-x** from the previous model AT&T E5804, to match the new enclousre.

Changes from the new CS5121 and CS5121-x to the existing E5804:

- Handset baseband circuit has changed
- Handset main PCB layout has changed

Similarities between the new CS5121 and CS5121-x to the existing E5804:

- Same RF chip set and circuitry
- Same frequency band & channels
- The interface signals to and from the RF part are identical
- The power supply scheme and the DC current consumption are very similar
- Handset uses the same type of antenna

Sincerely,

Ricky Ng
Technical Manager
