Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-6270-00

The purpose of this document is to describe all the changes that are made to the VTECH designed family models **VTech DS6111 and DS6111-x** which have the same RF circuit as the original model **VTech DS6121** except the following.

Changes from the original model DS6121 to the new models DS6111 and DS6111-x:

- Change RF Module PCB layer of Base and Handset from 4 to 2
- Answering system has removed
- The outlook of base is not the same

Similarities between original model DS6121 and the new models DS6111 and DS6111-x:

- Same RF chip set and circuitry
- Same frequency band & channels
- The power supply scheme and the DC current consumption are very similar
- Same handset for both models

Sincerely,

Samson Man

Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-6270-00

The purpose of this document is to describe all the changes that are made to the VTECH designed family models **VTech DS6111-x, DS6121-x, DS6122 & DS6122-x** which have the same RF circuit as the original model **VTech DS6121** except the following.

Changes from the original model DS6121 to the new models DS6121, DS6121-x , DS6122 and DS6122-x:

- Change RF Module PCB layer of Base and Handset from 4 to 2

Similarities between original model DS6121 and the new models DS6121, DS6121-x , DS6122 and DS6122-x:

- Same RF chip set and circuitry
- Same frequency band & channels
- The power supply scheme and the DC current consumption are very similar

Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-6270-00

The purpose of this document is to describe all the changes that are made to the VTECH designed new model **VTech DS6122** from the new model **VTech DS6121**

Differences between the new models DS6122 and DS6121:

- Model number is different
- Different in packaging

Similarities between the new models DS6122 and DS6121:

- Same RF chip set and circuitry
- Same frequency band & channels
- Same RF module in the base unit and Handset
- The power supply scheme and the DC current consumption are very similar
- Same handset for both models

Sincerely,

Samson Man
