Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-6948-00 and FCC Registration No.: US:EW7W401B80-694800; IC: 1135B-80694800

The purpose of this document is to describe all the changes that are made to the VTECH designed family models **VTech DS6221, DS6221-xy (Tested model: DS6221-2)** which have the similar design as **VTech CS6219** except the following. The reason is to meet the different cosmetic design.

Changes from the existing CS6229 to the new models DS6221, DS6221-xy:

- The outlook of base & handset is not same as previous models
- Main & Keyboard PCB of HS have changed
- Base band circuit of base and HS has changed

Similarities between existing CS6229 to the new models DS6221, DS6221-xy:

- Same frequency band & channels
- Same antenna type for base and HS
- The DC current consumption is very similar
- Same telephone line interface and speech modules between new & previous models
- Same RF PCB for base and HS

Sincerely,

Samson Man
Approbation Supervisor
