Dear Sir/Madam:

**Re: Application for a Permissive Change Filing with FCC ID: EW780-7285-00 and FCC Registration No.: US:EW7W401B80-728500**

The purpose of this document is to describe all the changes that are made to the **BASE** unit of VTech designed family models **CL81XY0** which have the similar design as **CL82XY0** except the following. The reason is to meet the different cosmetic design.

### **Changes from the original model CL82XY0 to the new models CL81XY0:**

- Answering system has removed
- Keyboard PCB of Base has changed
- Base with Antenna 0 changed from Rod-typed to Inverted-F

### **Similarities between the original model CL82XY0 to the new models CL81XY0:**

- Same frequency band & channels
- Same antenna type
- The DC current consumption is very similar
- Same line interface circuit and speech modules
- Same RF chip set, circuitry & PCB
- Same Baseband circuit

Sincerely,
