Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-H014-00

The purpose of this document is to describe all the changes that are made to the new designed Handset model **S2420** from the original Handset model **S1420** in order to meet the requirements.

Changes from the original model to the new designed model:

- S1420 used On-Board RF module while S2420 used the COB (chip on board) RF module.
- Only minor changes to an enclosure, S1420 with rounded corners while S2420 with squared corners

Similarities between the original model to the new designed model:

- Identical on both internal and external (Hardware and Software) design except RF module board.
- RF circuitry design and RF layout are same.

Sincerely,

Samson Man
Approbation Supervisor

Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: EW780-H014-00

The purpose of this document is to describe all the changes that are made to the new designed Handset model **S2410** from the original Handset model **S1410** in order to meet the requirements.

Changes from the original model to the new designed model:

- S1410 used On-Board RF module while S2410 used the COB (chip on board) RF module.
- Only minor changes to an enclosure, S1410 with rounded corners while S2410 with squared corners

Similarities between the original model to the new designed model:

- Identical on both internal and external (Hardware and Software) design except RF module board.
- RF circuitry design and RF layout are same.

Sincerely,

Samson Man
