Subject: Original Application for Remote Control Transmitter (DSC)  
Periodic Remote Control Transmitter / FCC ID: EW7DVD15

Gentlemen:

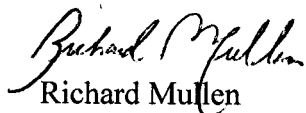

Enclosed find VTech Communications Ltd.'s Application for Equipment Authorization dated June 19, 2000. This device is in compliance with FCC Part 15, Subpart C and in accordance with Section 15.231.

The subject device is a periodic remote control transmitter that will operate within the 384 ~~386~~ MHz frequency band. This transmitter is activated by manually pushing button and will automatically turn-off within 5 seconds after button is released. This device provides remote control to its associated digital satellite receiver with built-in DVD player, which is being separately being submitted for Certification as TV Interface Device under FCC ID: EW7DVD01.

The attached test report for periodic transmitter was tested in accordance with ANSI C63.4-1992 for intentional radiator. Harmonic radiated tests were performed up to the 10<sup>th</sup> harmonic and harmonics above the 4<sup>th</sup> harmonic were below noise level and too low to report.

Should you have any questions or comments, please contact the undersigned. Thank you for your attention and cooperation in this matter.

Sincerely yours,

Richard Mullen
