Subject: Request for Class 2 Permissive Change
FCC ID:EWQ100GDLCS

Dear Sir/Madam:

Itron hereby requests a Class 2 Permissive change for an Automatic Meter Reading endpoint module for a utility gas meter, FCC ID:EWQ100GDLCS. This change is due part obsolescence and the replacement parts are a new style resulting in some component value changes to bring back the circuit to the original design. All emissions were evaluated with the change and remain compliant.

Sincerely,

A handwritten signature in black ink that reads "Jay R. Holcomb". The signature is fluid and cursive.
