Subject: Request for new certification  
FCC ID: EWQ500C

Dear Sir/Madam:

Itron hereby requests a new certification for an Automatic Meter Reading endpoint device for utility meters, FCC ID: EWQ500C.

There are three models, a water pit package, a remote mount water model and a remote mount gas model. The three models use the same PC Board, though different plastic housings and interfaces to allow mounting and/or connecting on/to different manufacturer's utility meters and optional accessories. All emissions and related specifications were evaluated and are compliant. See reports included with this filing.

Sincerely,

A handwritten signature in black ink that reads "Jay R. Holcomb".
