Subject: Request for Class 2 Permissive Change  
FCC ID: EWQ500GA

Dear Sir/Madam:

Itron hereby requests a C2PC for an Automatic Meter Reading endpoint module for utility gas meters, FCC ID: EWQ500GA. This change is due to some non-RF circuitry updates and a change in PC Board laminate resulting in some component value changes to bring back the circuit to the original design. All emissions were evaluated with the change and remain compliant.

Sincerely,

A handwritten signature in black ink that appears to read "Jay R. Holcomb".
