Correspondence Reference Numbers: 14691 and 14782

Att: Mr. Andy Leimer & Ms. Jaunice Green

Gentlemen and Ladies,

Theimeg Inc. is asking for an extension of time in which to reply to various issues raised in your correspondence dated 6/21/2000 and 6/27/2000. The delay has been the result of a corporate reorganization that is, among other things, shifting the responsibility for this product from the United States corporate office to the corporate head office in Germany which is undergoing a name change. Theimeg is requesting a 60 day extension of time to provide the information requested in the above referenced correspondence from the Lab.

If you need further information, please let me know.

Sincerely,

Phil Inglis
