

CETECOM bvba/MD Office

As agent for Theimeg, I request that the FCC Form 731 be modified to change the requested FCC ID from EWT-TC100-200 to EWTTTC100-200. Below is a drawing of the FCC ID label and location information. A power of attorney letter has been filed with the application.

Phillip Inglis, Agent for Theimeg

Signature: Phillip Inglis

Date: 9/17/2008

The following label will be permanently attached to the control box unit with a permanent adhesive. Trade Name and other regulatory information unrelated to the FCC may be added to the label as the customer desires.

FCC ID:EWTTTC100-200

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
