**Note:** The difference between the three up-converter boards is that the part number for filter FL2 will change as per the table below. The pinout and foot print is the same for each different filter.

| Circuit Board | Part# of FL2 |
|---------------|--------------|
| 3-22302       | 8-22287      |
| 3-22304       | 8-22305      |
| 3-22306       | 8-22307      |
