Gentlemen:

Schlumberger Electricity, Inc. respectfully requests confidentiality of certain materials provided with the submission of the CENTRON ICARe under FCC ID F9CC1SA in accordance with FCC Regulations 0.459. The confidentiality request applies to the following documents and drawings contained in this filing.

- CENTRON ICARe Block Diagram
- CENTRON ICARe Schematic Diagram
- CENTRON ICARe Parts List (SPL)

The CENTRON ICARe has been developed at considerable effort and expense by Schlumberger Electricity, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Simon Pontin
Vice President of Engineering
