To whom it may concern:

Clearone hereby attests that the Dialog20 wireless microphone system is designed to be professionally installed by a qualified and trained system integrator or professional installer. Clearone has resources available to accomplish this through several mechanisms including but not limited to Hands on Training Workshops, Clearone University Online Training as well as Product Documentation such as Quick start guides and Installation instructions.

Please review our website at www.Clearone.com for more information.

I declare that the above statement is true and accurate to the best of my knowledge.

Sincerely,

Derek L. Graham
Sr. Vice President of Research and Development
