Dear Gloria,

The review of this application is complete. There is one small item that needs to be clarified as follows.

Q1: The application for this device specified Equipment Code "DXX". It appears from the operational description that the mouse also has the receive function so the Equipment Code would be "DXT". Please confirm whether the application should be changed.

Best regards,

Tim Dwyer
CCS Technical Reviewer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Dear Tim,

Yes,it should be changed to "DXT".

Thank you

Rgds,
Gloria
