

SKYPAD

7” Multimedia Tablet

Quick Start Guide

4-Turn Device ON/OFF/Standby Mode

ON: Press and hold the Power button until the loading screen appears. Once the lock screen appears, unlock the Tablet by swiping your finger from the left 'Unlock' icon to the right 'Unlock' icon (illustrated below). Should the display 'Timeout' (or go black) before you are able to unlock the device, press the Power button for one second to turn the display back on.

OFF: Press and hold the Power button until the Tablet options appear. The options will prompt you to tap 'OK' to power the Tablet off or 'Cancel' to return back to the Home screen.

STANDBY: To enter Standby mode, simple tap and release the Power button. To wake up from Standby, tap and release the Power button.

NOTE: Leaving the device in Standby mode when not in use will result in a small battery drain. Switch the Tablet off completely to conserve power between charges.

8 - Settings: Date, Time, & Screen Timeout

Manual Time Setting
A. Open the App Tray > Select 'Settings' > Scroll down to and tap 'Date & Time' > Select 'Set Time' > Set the hour and minute by tapping the arrow keys; then tap 'Set.'

Manual Date Setting
A. Open the App Tray > Select 'Settings' > Scroll down to and tap 'Date & Time' > Select 'Set Date' > Set the month, date, and year by tapping the arrow keys; then select 'Set.'

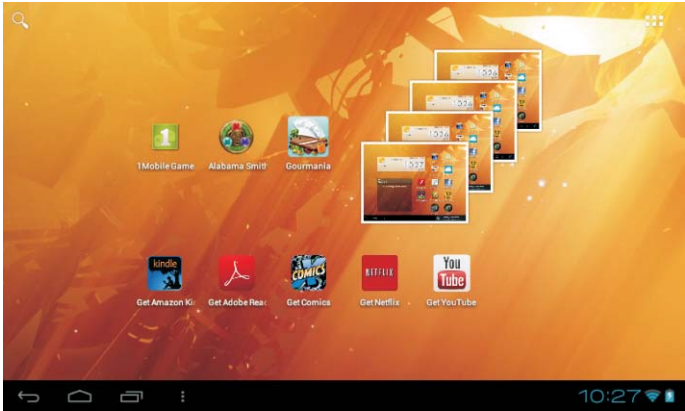

Auto Date & Time
A. Open the App Tray > Select 'Settings' > Scroll down to and tap 'Date & Time' > Select 'Automatic Date & Time' to check the box.

Note: The 'Automatic Date & Time' option sets the date and time using the network provided. Should an incorrect time zone appear, tap 'Select Time Zone' and find the appropriate time zone.

Screen Timeout
A. Open the App Tray > Select 'Settings' > 'Display' > 'Sleep.'
B. A dialogue box will appear with several options to choose from. Tap the length of time (in seconds or minutes) before the Tablet goes black (to conserve battery life).

12 - Online Video Streaming

Your Tablet is capable of streaming videos directly from the Internet or via 3rd party streaming applications. To properly run certain applications Adobe® Flash® Player may be required. Popular streaming video applications are available through the Skytex App Store for download onto your Tablet. Prior to streaming films, download the application of your choice.

Note: To view video on your HDTV or monitor, connect using an optional HDMI cable and select the appropriate TV input.

1-Introduction

Thank you for purchasing the new 7" SKYTEX SP722 Android 4.0 tablet with capacitive multi-touch display. It is designed to keep you entertained and engaged for hours at a time. With 8GB* of internal storage and MicroSD card slot for up to an additional 32GB, you can house a library of games, movies, music and eBooks. In addition, 5GB of free cloud storage is provided through the Cloudlink toolbox which includes other productivity Apps as well. View video files from your HDTV in high definition with HDMI®.

When connected to the internet, download many of your favorite Android Apps from the Skytex App Store. The Apps are optimized specifically for your screen size bringing you the best experience possible. In addition, the 1Mobile Market offers hundreds of thousands of Apps including gaming, productivity, children's education and more.

Visit us at www.skytex.com/support to register your product and receive additional information and updated FAQ's. It's recommended that you review the online user manual for more detained instruction about your Tablet.

*Approximately 1.5GB of internal storage is used for the OS, system files and pre-installed Apps.

C. Once the video begins, you may select playback controls that appear on the display.

View Photos
A. Go to App Tray and select 'Super-HD Player'
B. Tap on photo files you would like to view.

15 - FAQ's

How do I reset my Tablet?
-If your Tablet won't turn on try resetting the device. To reset, first make sure the power source is unplugged. Press and hold the Power button for 10 seconds and then plug the power source back in. Press the Power button for another 2-3 seconds.
-To erase all data on the Tablet go to Settings > Backup & reset > Factory Data Reset.

Where can I download Android Apps from?
-We've pre-installed the Skytex App Store and 1Mobile Market, giving you immediate access to well over 200,000 of the best Android apps available. Additionally, there are several 3rd party Android App stores that offer free and paid Apps that you'll find at the Skytex App Store for download. Google Play is not officially supported at this time.

Why am I unable to connect to my Wi-Fi Network?
-Make sure that the correct password is entered when connecting to your wireless network. To ensure a correct password is being entered enable the "Show Password" option and double check for a case sensitive password. If you are still having problems you may need to contact your Wireless provider.

Why do I get a parsing error when I attempt to download apps from the 1Mobile Market?
-We recommend force closing the application and clearing the cache data. To do this go to Menu > Settings > Apps (select 1Mobile Market) > Clear Data
-If you continue to receive the parsing error, try downloading the application from the 1Mobile Market's website at www.1mobile.com.
