

8-1 General view of Reader LML_3013

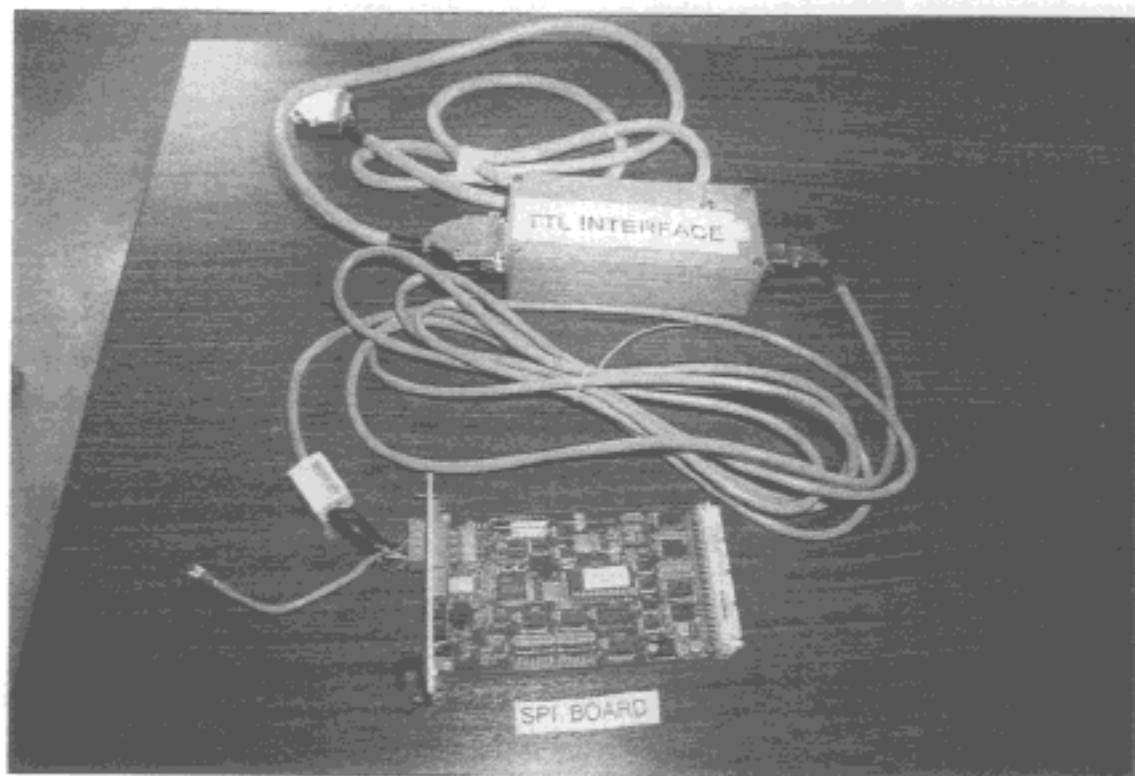

8-1 General view of Reader LML_3013(continued)

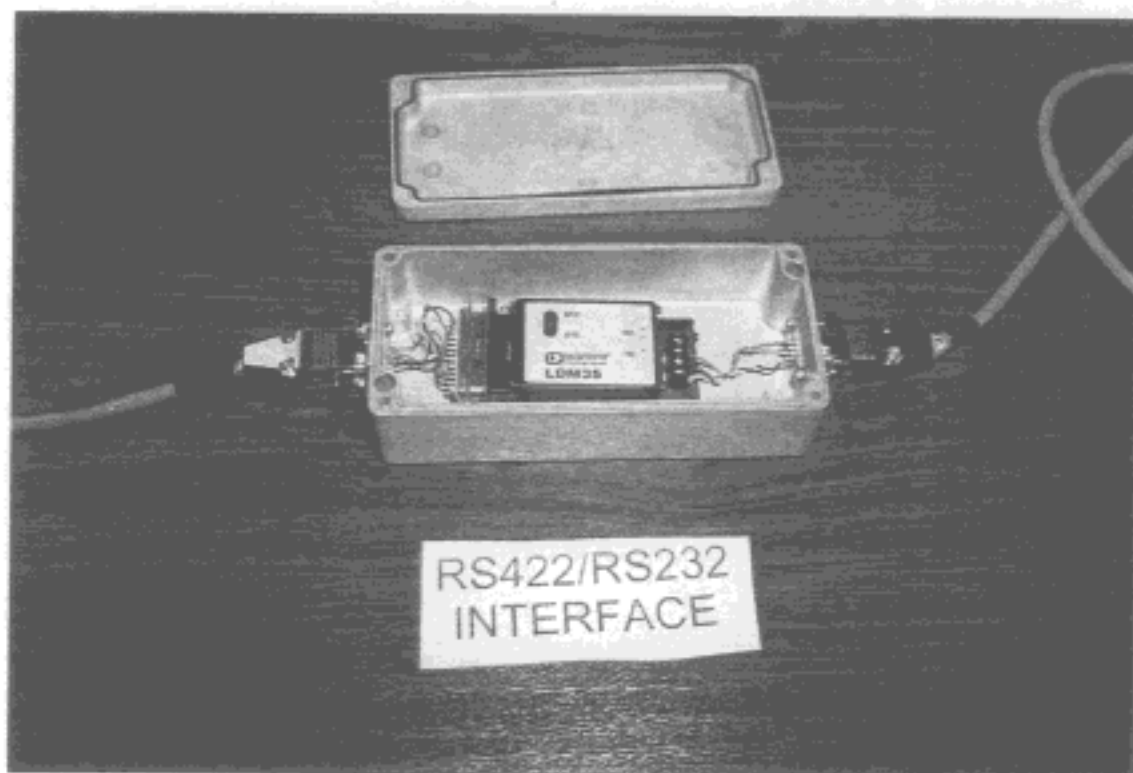

8-2 SPI module with RS232 interface cable

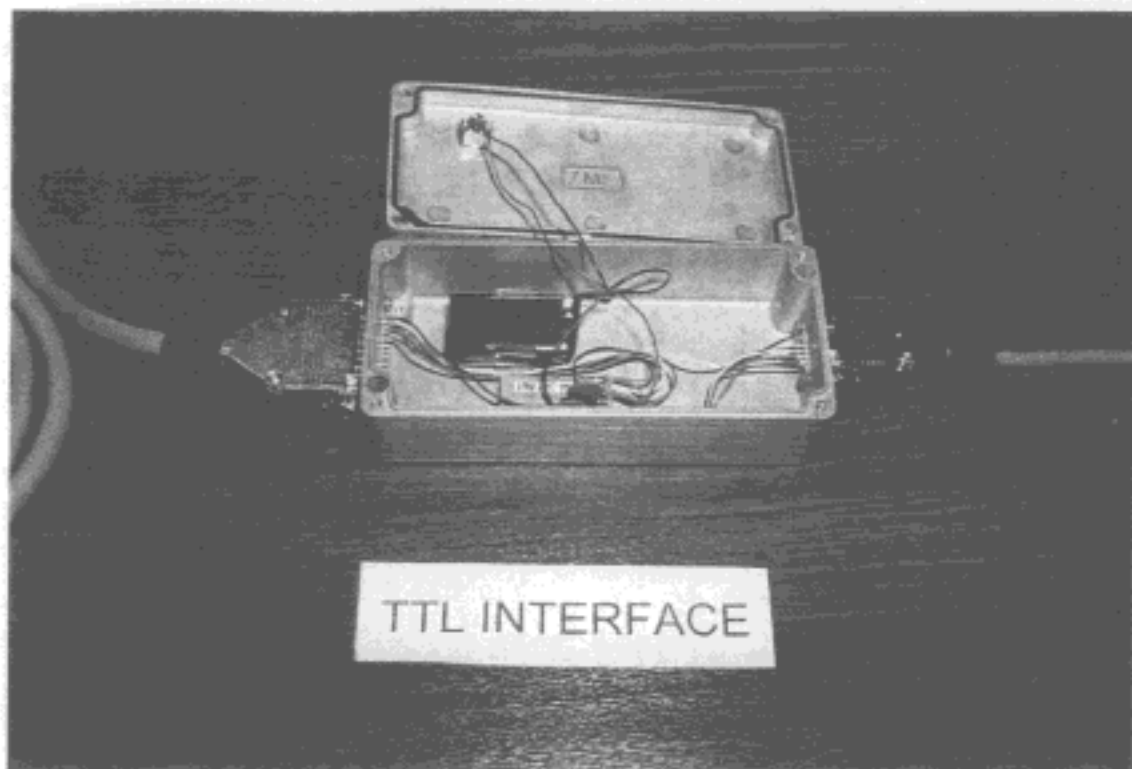

8-3 SPI module with RS422 interface box and cables

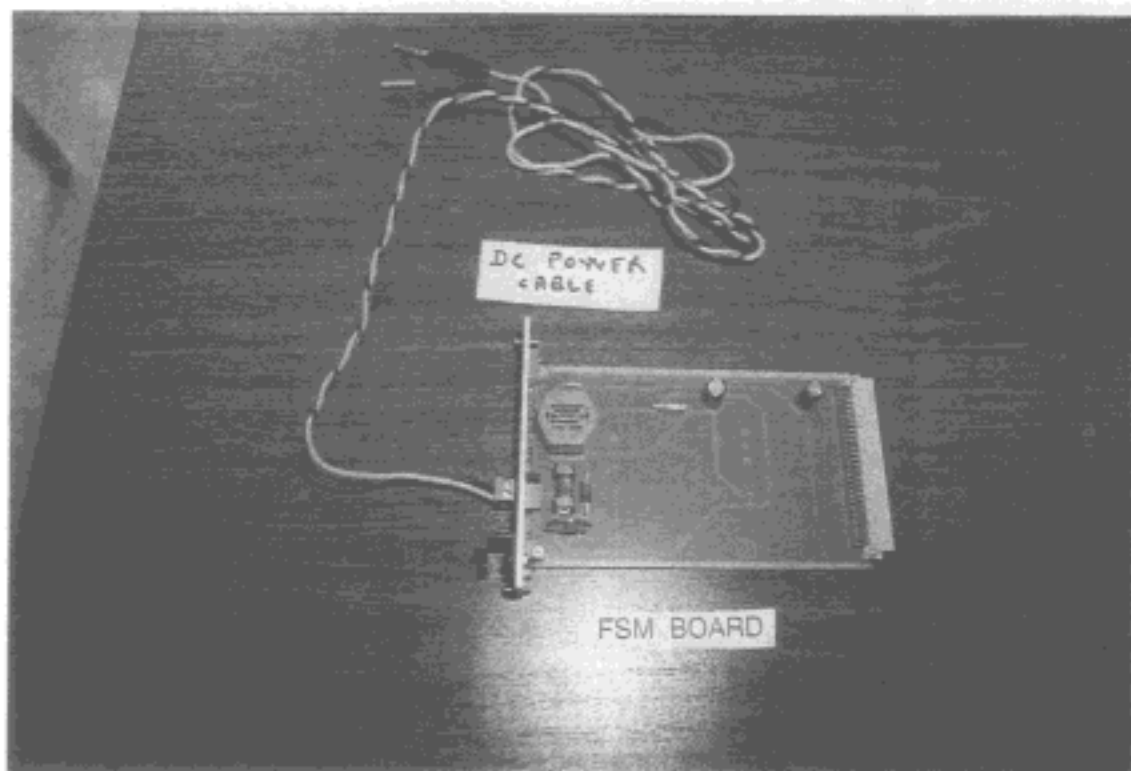

8-4 SPI module with TTL interface box and cables

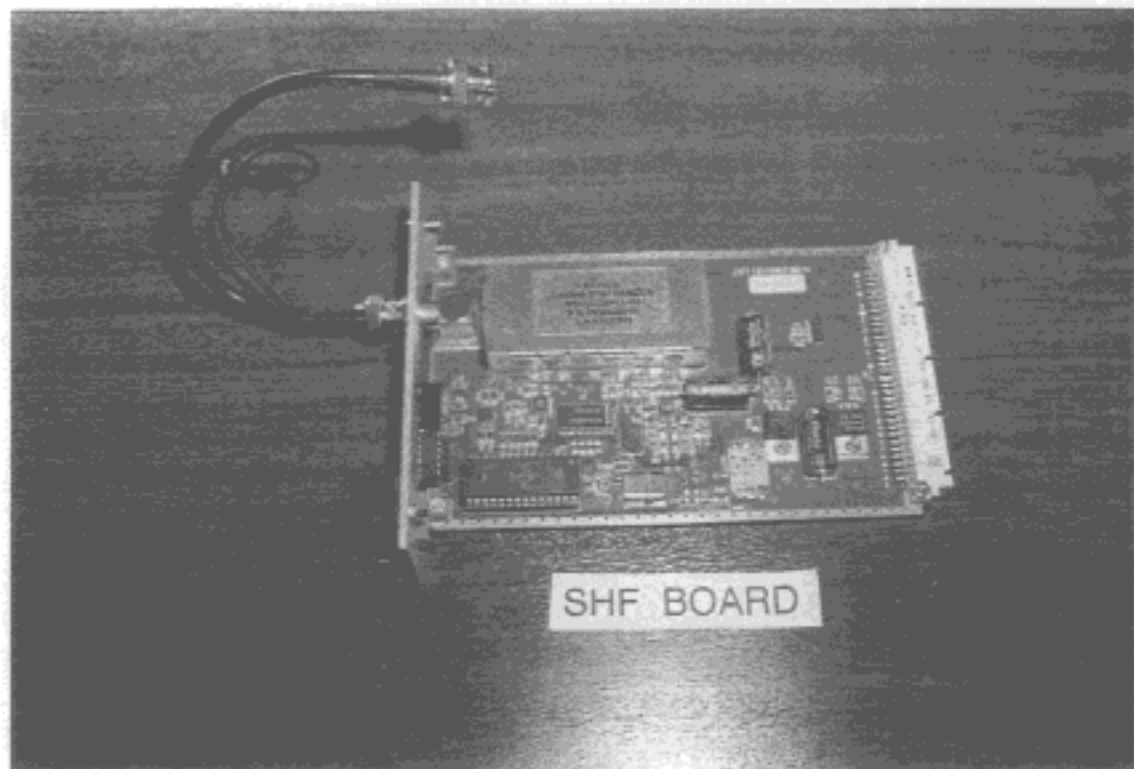

8-5 Inside RS422/RS232 interface box

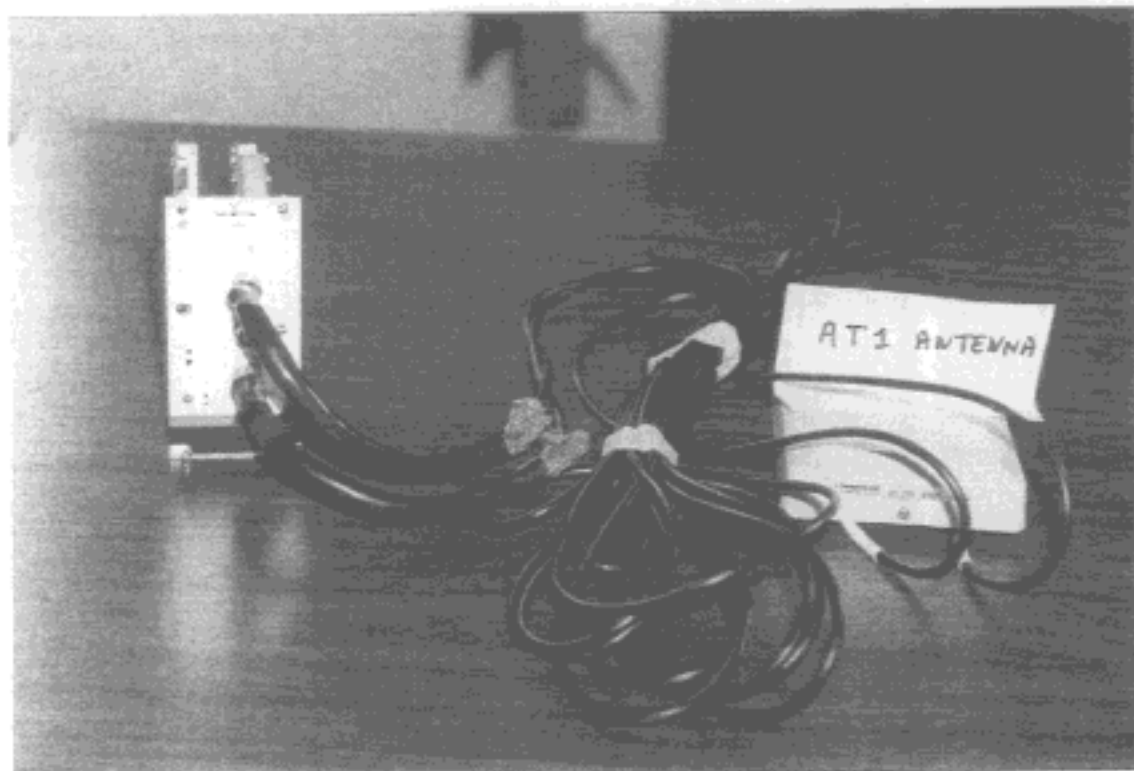

8-6 Inside TTL interface box

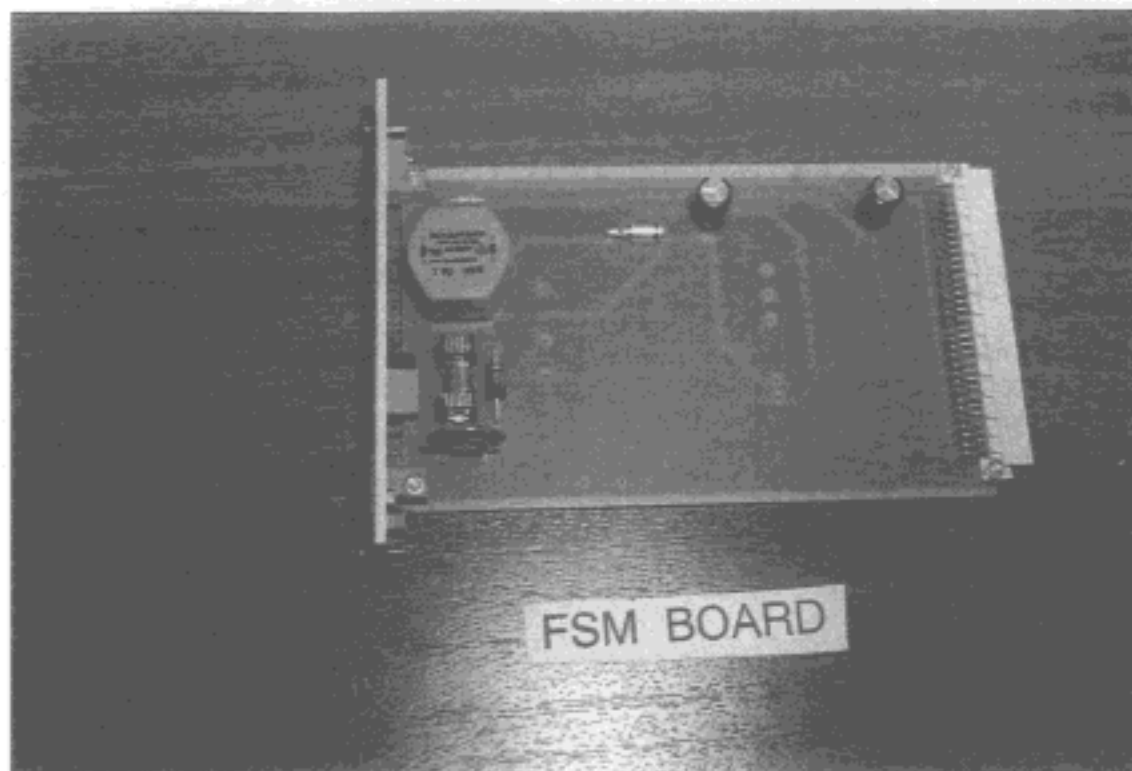

8-7 FSM Module with DC power cord

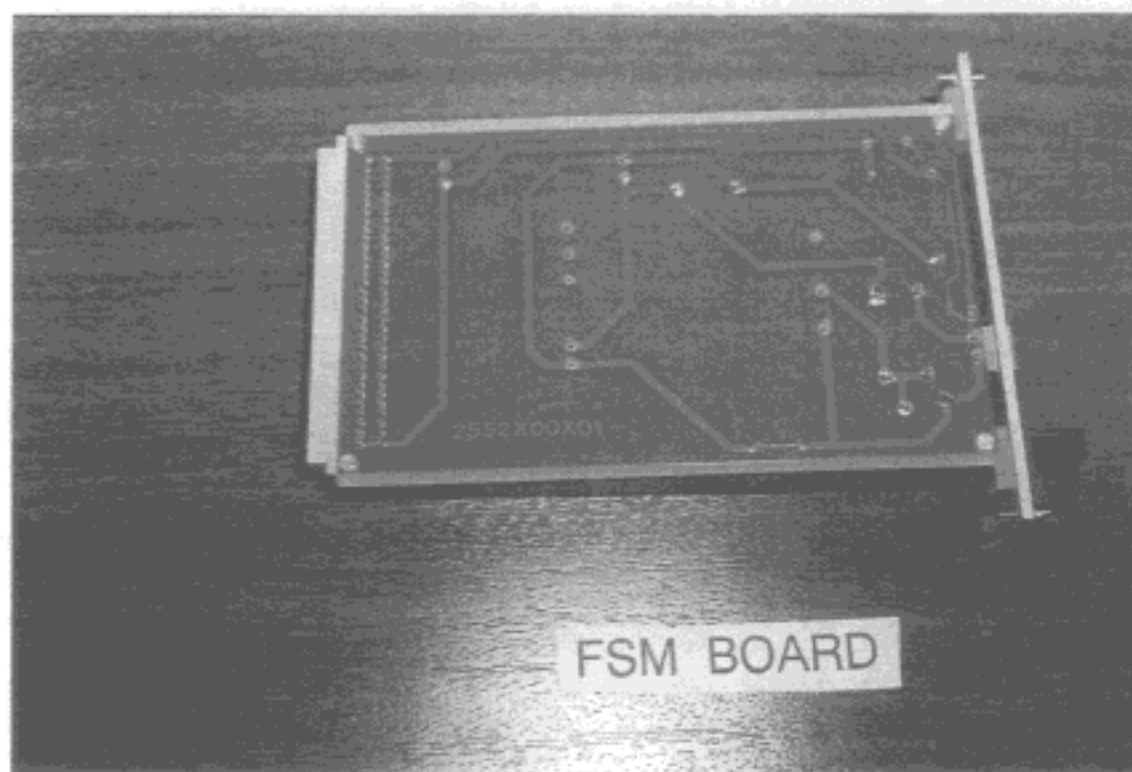

8-8 SHF Module with RG58 coaxial cable

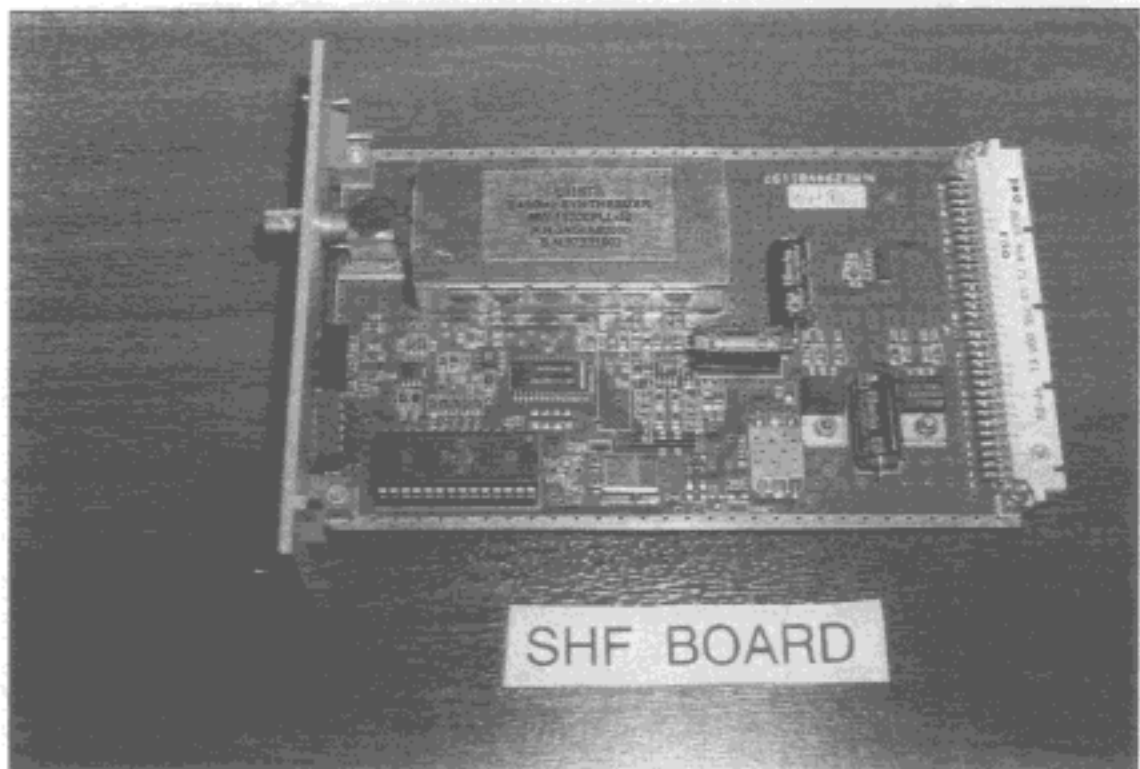

8-9 SAM Module with AT1 antenna and RG58 coaxial cables

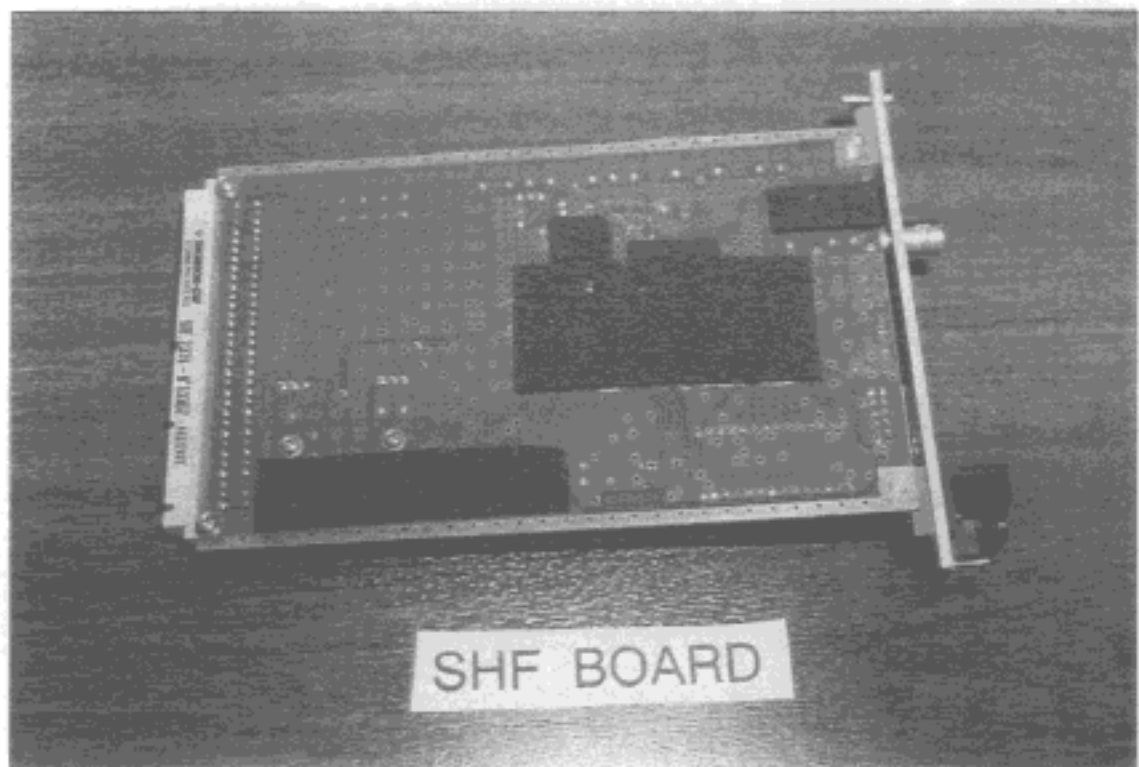

8-10 FSM component side module

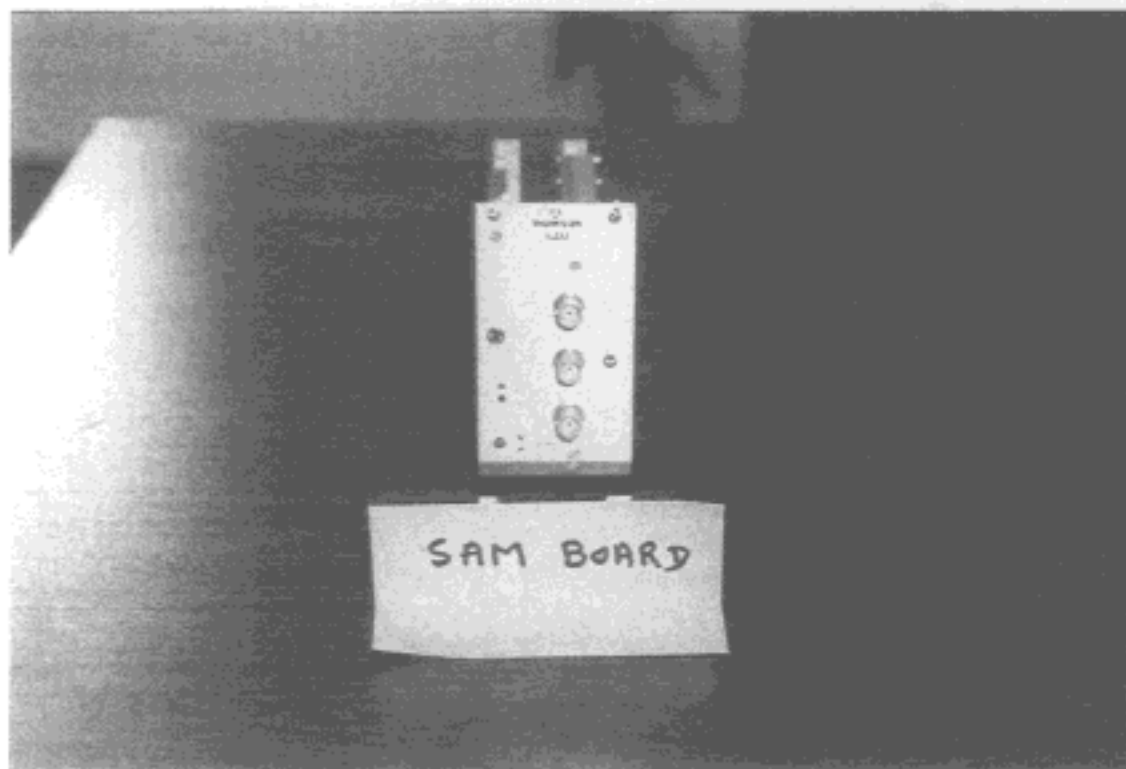

8-11 FSM foil side module

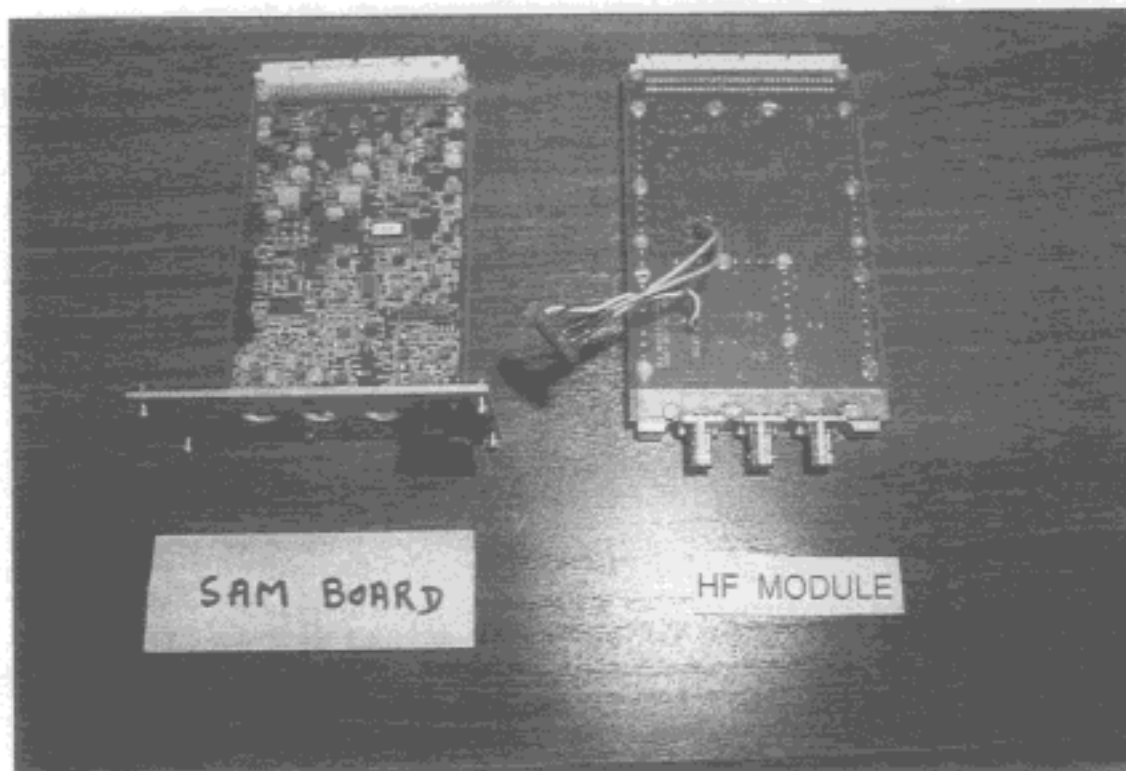

8-12 SHF component side module

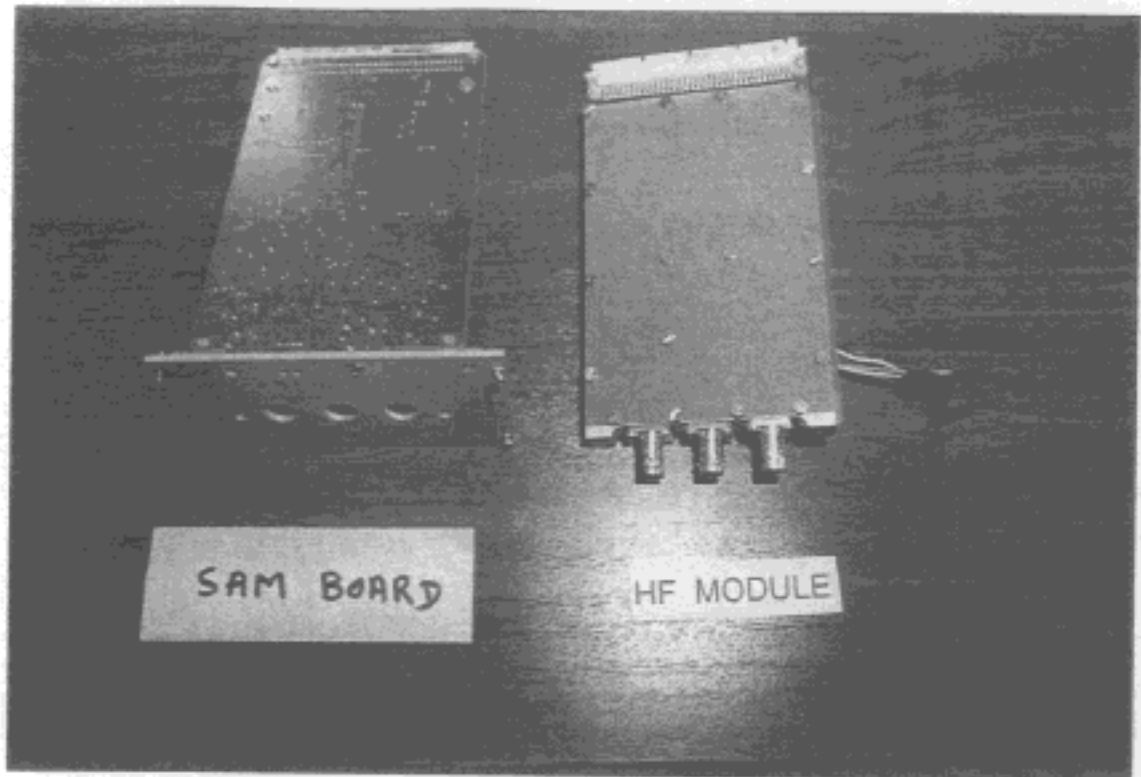

8-13 SHF foil side module and absorber location

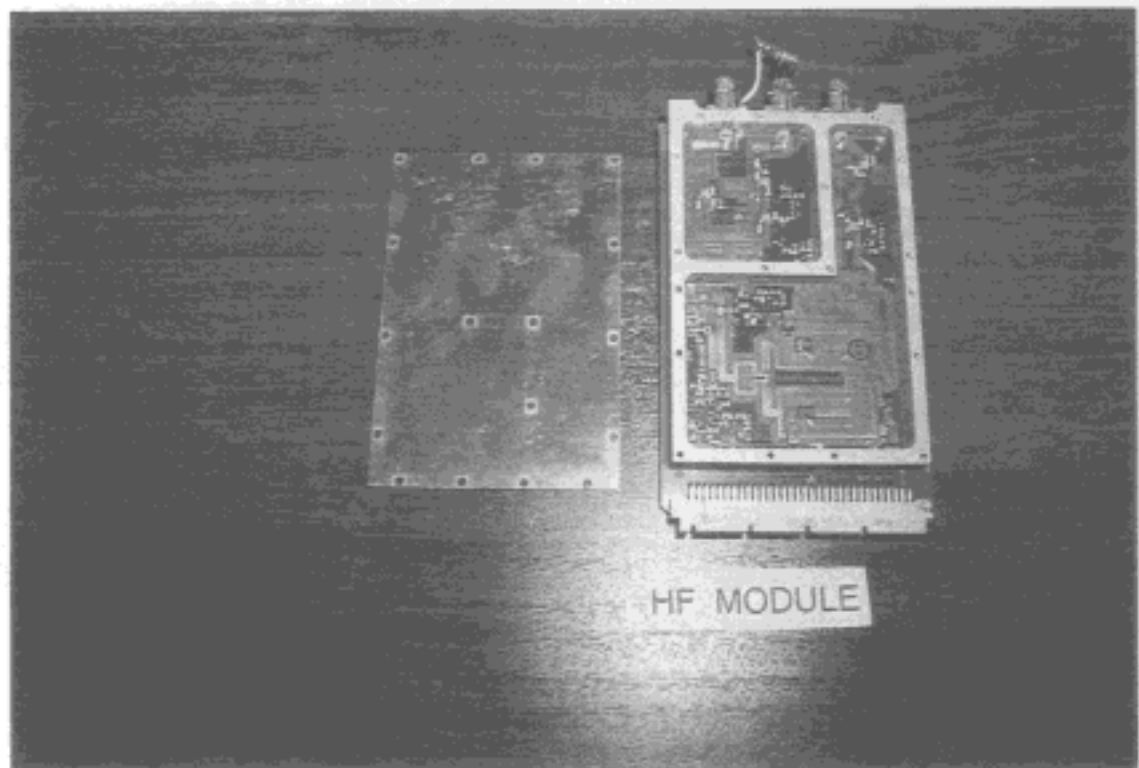

8-14 SAM module (Front face)

8-15 SAM component side module (SAM BF 2480 and HF 2439 module)

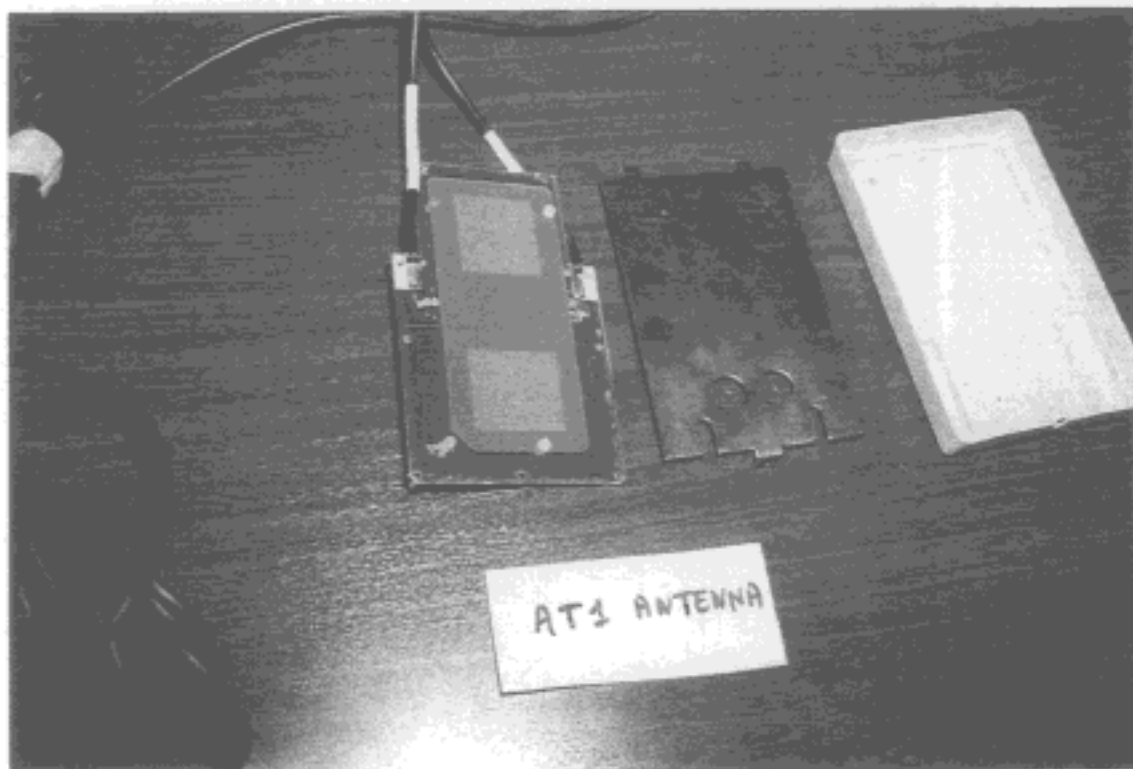

8-16 SAM foil side module (SAM BF 2480 and HF 2439 module)

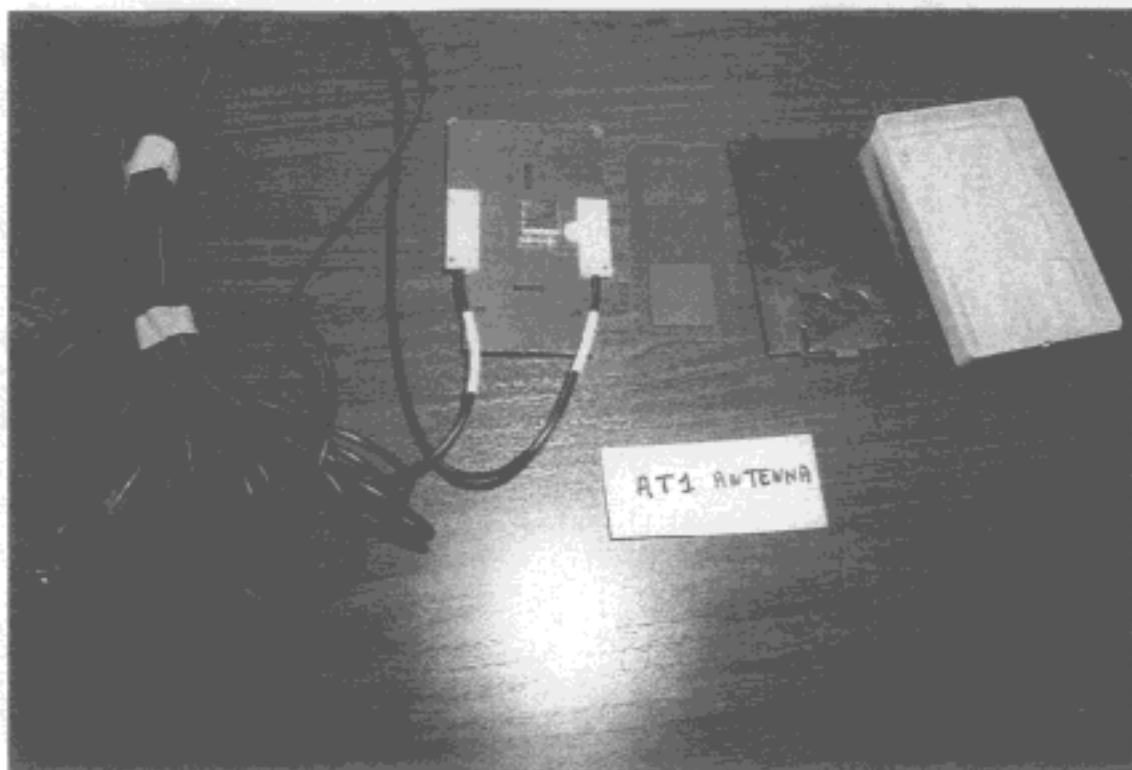

8-17 HF 2439 module inside

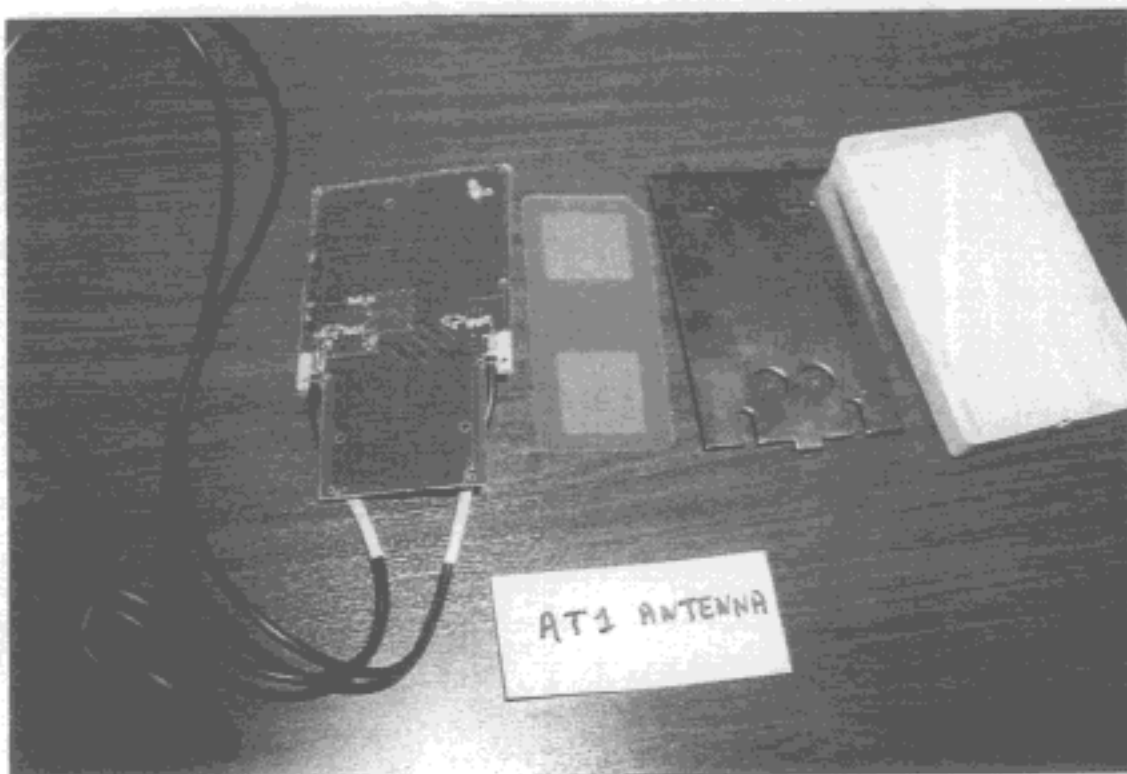

8-20 AT1 antenna inside

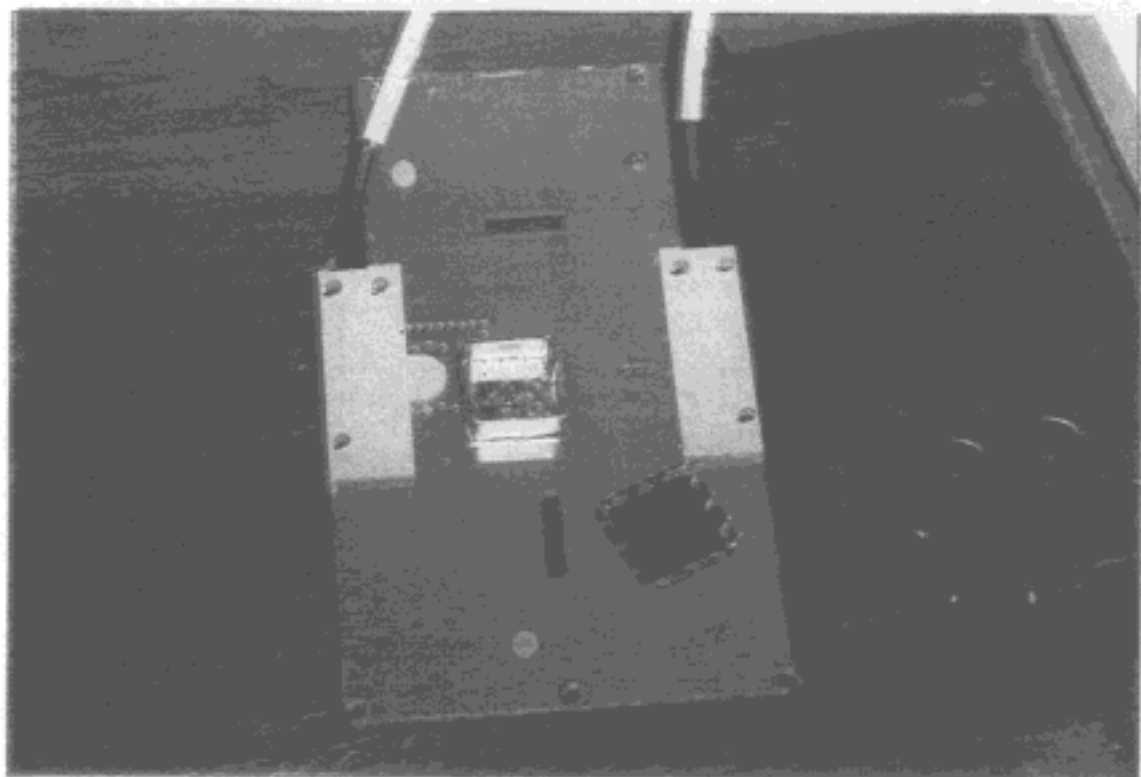

8-20 AT1 antenna inside (continued)

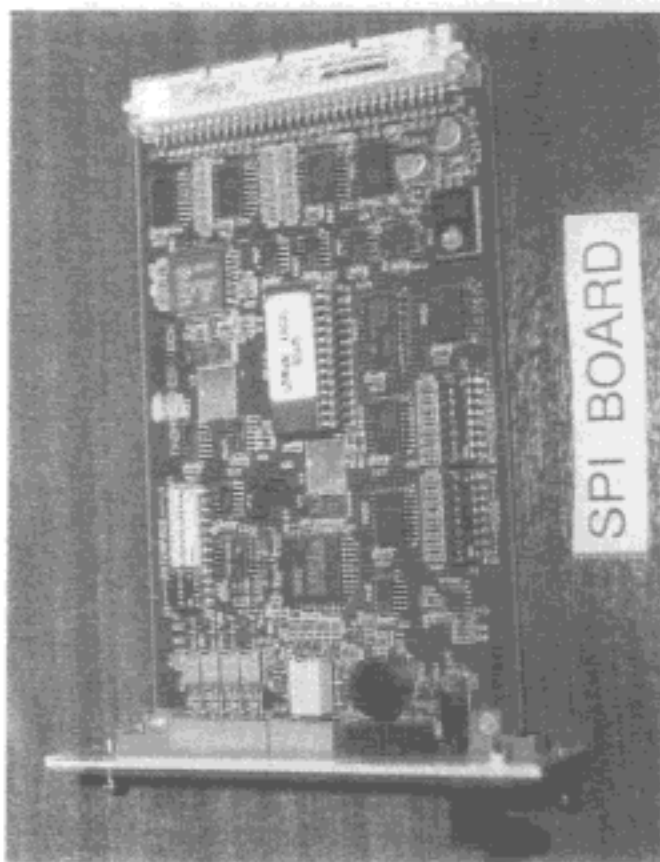

8-20 AT1 antenna inside (continued)

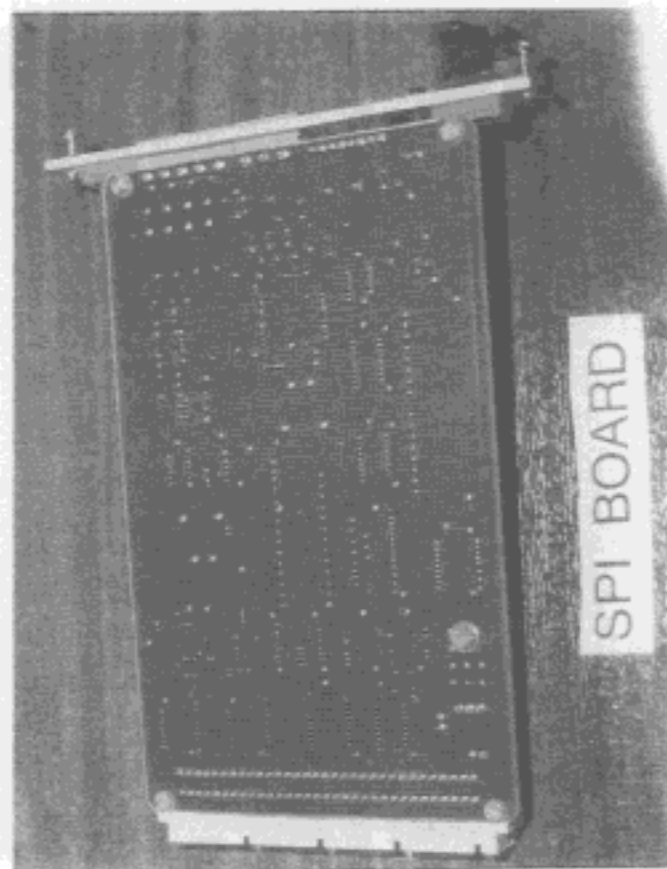

8-20 AT1 antenna inside (continued)

8-20 AT1 antenna inside (continued)

8-21 SPI component side module

8-22 SPI foil side module
