Subject: FCC Part 15 Class "II" Permissive Change Filing for
ATLINKS USA, Inc. - Model 25833XXX-A (Base)
Marstech Report No. 25133D

Reference: FCC ID: G9H2-5831A (Base)

Gentlemen:

We are herewith submitting a Part 15 Class "II" Permissive Change filing for ATLINKS USA, Inc. Model 25833XXX-A (Base) [where "XXX" is any letter or number which represents trade name, colour and packaging for marketing purposes], for Part 15 certification, to cover alternate construction which consists of alternate RF module.

Applicable tests in compliance with FCC Part 15 Rules and FCC DA 00-705 "Filing and Measurement Guidelines for Frequency Hopping Spread Spectrum Systems", have been conducted on revised Model 25833XXX-A (Base), a 5.8GHz single-line, frequency hopping spread spectrum, cordless telephone base with answering machine, with satisfactory results as shown in Exhibit A. The output power is less than the original submission which complies with FCC Part 15 Rules.

Please review this project at your earliest convenience and please do not hesitate to call us should any problem arise.

Yours very truly,

MARSTECH LIMITED
