BY: JAMES

NOTES:
1. Unless otherwise specified:
A. All resistor values are in ohms.
B. 2K = 2000 OHMS.
C. 2.2 = 2200 OHMS.

- NOTES:
1. Unless otherwise specified:
A. All resistors shall be 1% tolerance.
B. All capacitors shall be 5% tolerance.
 2. All components shall be specified with their respective part numbers to ensure proper performance and safety of the unit.
 3. - DO NOT ASSEMBLE.
