Subject: FCC Part 15 Class II Permissive Change for
Thomson Consumer Electronics, Inc.
Model 26930XXX-A [New Version of 2-9917(XXXX)]
FCC ID: G9H2-9917
Marstech Report No. 99140D

Gentlemen:

We are herewith submitting a modification filing for Thomson Consumer Electronics, Inc. for their Model 26930XXX-A for Part 15 Class II Permissive Change. The new version of 2-9917(XXXX) is now 26930XXX-A (where "XXX" is any letter or number which represents trade name, packaging and colour for marketing purposes), which has the same FCC ID G9H2-9917.

The alternate construction consists of new design, addition of call waiting/caller ID features and changes in the circuitry.

All applicable tests in compliance with FCC Part 15 Rules have been completed on revised Model 26930XXX-A with satisfactory results as shown in Exhibit D (Report and Measurements).

At the same time, Thomson Consumer Electronics, Inc. would like to add their Model 26931XXX-A as family approval with Model 26930XXX-A. These models are identical except for model designation, cosmetics and Model 26931XXX-A has a headset. Please note that Model 26931XXX-A will bear the same FCC ID: G9H2-9917 as the Model 26930XXX-A.

Please review this project at your earliest convenience and please do not hesitate to call us collect should any problem arise.

Yours very truly,
