Mr. Andy Leimer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

In reference to our letter to you dated February 03, 2006, concerning the Honeywell International Inc. application for Federal Communications Commission (FCC) certification of FCC ID: GB8HD-128, dated January 24, 2006. The Federal Aviation Administration has now received all the required information to complete our review and we have no objections to the certification of the SATCOM transceiver that operates in the 1626.5 MHz to 1660.5 MHz frequency band.

If you require any additional information, please contact Mr. Dan O'Rear, Spectrum Planning and International Office, at (202) 267-7365.

Sincerely,

A handwritten signature in cursive ink that appears to read "Oscar Alvarez".
Oscar Alvarez
