Subject: Form 731 Changes

Reference: Form 731 for GB8SD-700; Conformation Number EA102729

Dear Sir or Madam:

Honeywell Inc. wishes to inform the FCC that a name and designation (person signing) change is requested on the referenced 731 form. Attached you will find the red-lined changes for the GB8SD-700 application. These changes coincide with recent letters (enclosed) requesting name and address changes for Honeywell, Intl.

Please update this form at your earliest convenience. It is Honeywell Inc.'s intention, at all its facilities, to continue to maintain full compliance with all the FCC regulations and continue to submit clear and accurate documentation relating to the equipment that we manufacture and certificate with the FCC. If you have any questions in regard to this request please feel free to call.

Best Regards,

Steve O'Hanian

Attention: Mr. Richard Fabina, Branch Leader

Subject: Name Change

Reference: Telcons, D.W. Cleaver (Honeywell) to Ms. M. Bosley (FCC)

Dear Mr. Fabina:

Pursuant to CFR Title 47, Paragraph 2.929, Honeywell Inc., Commercial Flight Systems Group, Business and Commuter Aviation Systems Division wishes to inform the FCC that as a result of a merger with AlliedSignal Inc. we are in the process of changing our name. The physical location of the Design and Manufacturing facility for the Business and Commuter Aviation Systems Division products will remain the same. Our name change is as follows:

Old Name

Honeywell Inc.
Commercial Flight Systems Group
Business and Commuter Aviation Systems Division
P.O. Box 29000
Phoenix, AZ 85038

New Name

Honeywell International Inc.
Commercial Electronic Systems – Phoenix
21111 N. 19th Avenue
Phoenix, AZ 85027

At our three facilities here in the Phoenix area, we design and manufacture avionics equipment and presently have 28 equipments certified under the FCC Grantee Codes RT-300, GB8, GB84DV, and BEU9E0. GB8 and GB84DV were granted to Honeywell Inc. in 1987, BEU9E0 and RT-300 were granted to the Sperry Corporation, Aerospace and Marine Group which was

previously acquired by Honeywell Inc. in 1987. Honeywell continued the marking of the BEU9EO and RT-300 products. RT-300 was granted before grantee codes were issued.

It is Honeywell's desire to continue to label our units with the FCC Grantee Codes noted above. This would alleviate the enormous task of requesting different Grantee Code changes to all our units as well as re-certification of all our foreign approvals. Under the Honeywell format, we have adequately maintained the multiple FCC Grantee Codes on our units with no confusion. All new designs submitted for FCC certification will be under grantee code GB8.

Please update your records to our new address and advise if additional information is needed in relation to the name change. It is Honeywell International Inc.'s intention, at all its facilities, to continue to maintain full compliance with all the FCC regulations that pertain to the equipment that we manufacture and certificate with the FCC. If you have any question on this issue, please call me at (602)436-8905. If you feel it is necessary for me to visit your facility and discuss this, please let me know and I will make every attempt to schedule a visit.

Sincerely yours,

Honeywell International Inc.
