

Dear Mr. Sung Hoon Baek / UL Korea Inc.

RE: Comparison between before & after for EX240W

Date : August 11, 2011

Please refer to attached page for before & after comparison of following model.

Model

EX240W (FCC ID: GCJEX240W)

Sincerely,

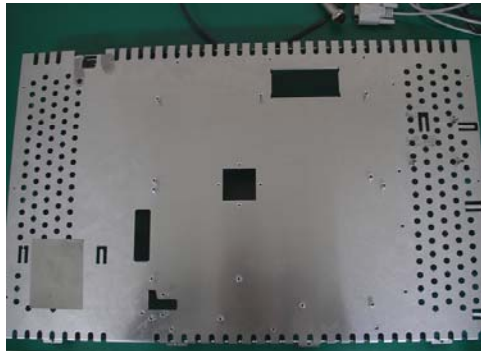

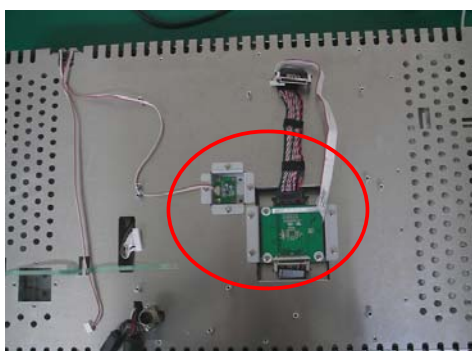

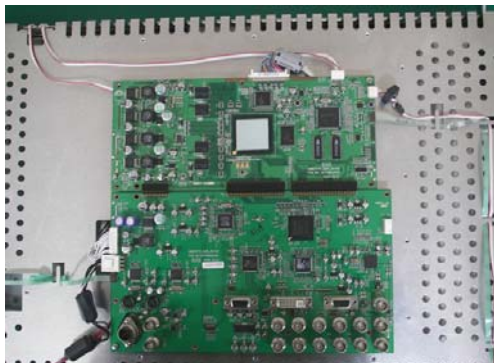

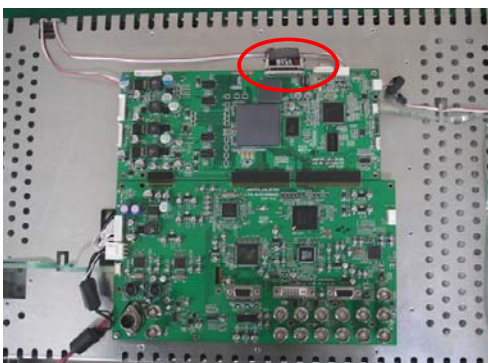

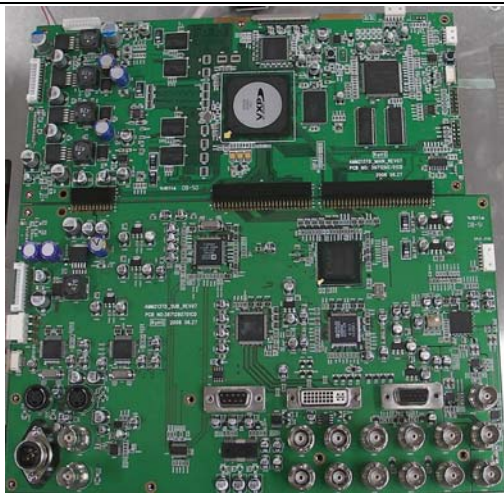

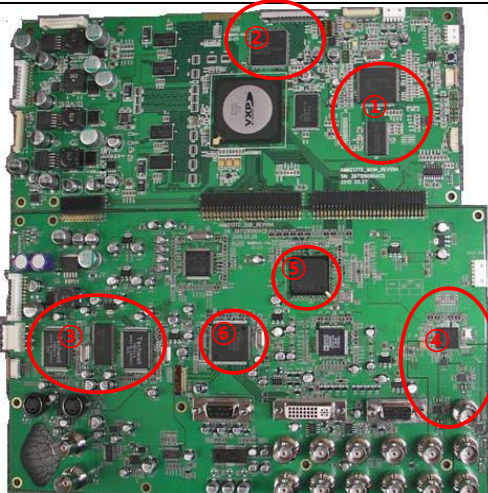

By : 

Name : Hiroaki Hashimoto

Title : Manager, Environment, Safety & EMC

Company Name : EIZO NANA O CORPORATION

Model: EX240W

| Item                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Before                                                                             | After                                                                                              |
