Size:	197.5mm x 169.5mm x 80.0mm

Rechargeable battery with charging option from USB cable operating rang up to 10 meters.

Bluetooth 2.1 + EDR

2. Battery Precautions

The device can be powered by a built-in rechargeable lithium battery. Please charge the battery for at least 8 hours before your first use of device.

If the device is not used for a long period of time, the battery may be out of power. Please charge the battery.

Rechargeable batteries are only to be charged under adult supervision.

Use only the supplied AC adapter to 3.5mm DC Plug cable to recharge the battery.

Improper charging may damage the battery and the device.

Do not attempt to open the rechargeable battery or battery pack. There are no serviceable parts inside.

Should a battery leak, the device may become damaged. Clean the battery compartment immediately, avoiding contact with your skin.

Keep the battery out of reach of children. If swallowed, consult a physician immediately.

Leaving the battery in hot or cold places: such as leaving it in a closed car in summer or winter, will reduce the capacity and lifetime of the battery. Always try to keep the battery between 15°C and 25°C (59°F and 77°F). A device with a hot or cold battery may not work temporarily, even when the battery is fully charged.

Do not dispose batteries in a fire as they may explode.

Batteries may also explode if damaged. Please dispose them according to local regulation. Do not dispose them as household waste.

3. Getting Started

General controls
