

The following label will be added to the NAIS-300. It is to be fitted to the top of the unit, so it is seen by the user when they open the packaging.

FOR USERS IN THE UNITED STATES OF AMERICA ONLY

WARNING: It is a violation of the rules of the Federal Communications Commission to input an MMSI that has not been properly assigned to the end user, or to otherwise input any inaccurate data in this device.

The MMSI and Static Data must be entered by the vendor of the device or by an appropriately qualified person in the business of installing marine communications equipment on board vessels

Instructions for entering the MMSI and static data, including the vessels name, call sign, dimensions and type can be found in the user manual supplied with this unit. Further details may also be found on the CD.
