FCC ID: GMLNPD-1GW

Dear Mr. Ward,

Following are our responses to your request per our conversation on September 25, 2002 and your email dated September 24, 2002:

- (1) Pages 17 and 18 of 26 in PCTEST lab test plots report was done conducted. I was there witnessing the testing that was being done for this product.
- (2) The user guide mentions LPS-4, which also appears in the SAR report. The SAR reports mentions HDC-5 headset; but this is the same as the 2.5 mm jack headset that is indicated in the user guide.

We hope that the above responses are sufficient to continue with the review of this application and the grant of this application.

Sincerely,

Mary Washington, Senior EMC Engineer
