

# Memorandum

February 2, 2000

To those concerned:

Regarding the application for TEKK Incorporated's UHF Data Radio:

FCC ID: GOXSD4000

Form 731 Confirmation #: EA96376

Date Submitted: 12/27/99

An error was made during the submission process. Could you please correct the emission designator on the 731 form (and subsequent grant).

Line two in item 12 (equipment specifications) should have an emission designator of 10K0F2D instead of 10K0F2E, which is incorrect.

Your assistance in this matter is greatly appreciated.

Thanks,

ERIC F. DOBSON
