About the Guide

The purpose of this Safety Information Guide (SIG) is to help you learn safe ways to use your device and avoid serious and unsafe situations which could cause possible harm and injury.

Warnings

General Warning: You alone are responsible for how you use your device and any consequences of its use/or misuse. Use of your device is subject to safety measures designed to protect users and their environment.

Do not violate the following important instructions since doing so may result in serious injury.

Safety Warning: CAUTION! Ensure you connect the power cord of the power adapter to an outlet with grounding connection. If any parts of your device, power adapters or any cables appear damaged, discontinue use immediately. Do not try to open your devices or power adapters. There are no serviceable parts and you risk an electrical shock.

Adapter Warning: CAUTION! Do not use any other power adapter except the one that accompanies this unit. Use of another adapter could result in damage to the unit.

Input: 100-240V, 50/60Hz, 0.8A
Output: DC 12.0V/2.5A

Safety and Compliance

Read Before Use: We recommend you read the following sections thoroughly before use. Askey and AT&T are not liable for malfunctions or damages resulting from misuse.

- Use the power adapter, cables or accessories approved by the device manufacturer.
- Don't use in wet or damp environments where the device may be damaged by moisture or liquids.
- Keep your device away from liquid or conductive materials.
- If liquids come into contact with the device, immediately unplug and allow to dry for at least 48 hours before use.
- Avoid strong physical impact (heavy objects or excessive force).
- Avoid placing or using the device near medical equipment or high-precision control systems to avoid potential interference.
- Place the device on a flat, stable surface to reduce the risk of accidental damage from a fall or other physical impact.
- Keep the device and adapter away from children and pets.
