

**W5****CAUTION**

- All the safety and operating instructions should be read before the appliance is operated.
- All operating and user instructions should be followed.
- The appliance should not be used near water — for example, near a bathtub, washbowl, kitchen sink, laundry tub, in a wet basement, or near a swimming pool, etc. It should not be exposed to dripping or splashing water, and no objects filled with liquid, such as a vase, should be placed on the appliance.
- Warning: To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.
- The appliance should be situated so that its location or position does not interfere with its proper ventilation. For example, the appliance should not be situated on a bed, sofa, rug, or similar surface that may block the ventilation openings; or placed in a built-in installation, such as a closed bookcase or cabinet that may impede the flow of air through the ventilation openings.

**Charging:**

- Connect mini USB port of unit to computer or charger's USB port using USB cable included in the package.
- Charging LED bright after finishing charging
- Recommend to charge the unit once every month and turn off the unit if not use.

**Specifications**

Power Output: 3W  
Frequency Response: 80Hz-20KHz  
Power Input: 5V=500mA  
Separation: ≥40dB  
S/N Ratio: ≥75dB  
Product dimension: W93 x D34 x H81mm

1. Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

2. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

3. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation.

4. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
