Subject: Request for Limited Modular Approval

The module is not shielded, therefore, we would like to request for Limited Modular Approval.

- The radio elements must have the radio frequency circuitry shielded. Physical/discrete and tuning capacitors may be located external to the shield but must be on the module assembly. NO
- The module must have buffered modulation/data inputs to ensure that the device will comply with the Part 15 requirements with any type of input signal. YES
- The module must contain power supply regulation on the module. YES
- The module must contain a permanently-attached antenna, or contain a unique antenna connector, and be marketed or operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b). YES
- The module must demonstrate compliance in a stand-alone configuration. YES
- The module must be labelled with its permanently fixed FCC ID label, or use an electronic display (See KDB Publication 997198 about labelling requirements). YES
- The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements. YES
- The module must comply with RF Exposure requirements. For any transmitters intended for use in portable devices, SAR compliance must be demonstrated to be independent of the host device. YES
