## Indoor Client (6XD) Attestation

We, **Honeywell International Inc**, (Address: 9680 Old Bailes Rd. Fort Mill, SC 29707 United States), attest the followings for our device FCC ID: HD5-CT70L0.

- a) This device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
- b) This device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief communications before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP, it will not continually repeat the request.
- c) Statement that transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.
- d) This device is prohibited for control of or communications with unmanned aircraft systems, including drones.

Sincerely,

---
