Re: FCC ID: HHC-65A261

To Whom It May Concern:

The following application is submitted on behalf of our client, Home Automation Inc., for evaluation of their model 65A26-1 for certification under FCC Part 15.247 for single modular approval.

The 65A26-1 is a stand-alone module consisting of a single printed circuit board which is designed to be integrated into specific host devices. The 65A26-1 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,
