This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The following local Manufacturer / Importer is responsible for this declaration:

Product Type:	Notebook PC	
Trade Name:	acer	
Model No.:	N25Q8	
Sku Name:	C737*****	C737T*****
(where * is 0-9, a-z, A-Z, -, or blank)		

Name of Responsible Party: Acer America Corporation
Address of Responsible Party: 1730 N First St., Suite 400, San Jose, CA95112, U.S.A.
Contact Person: Acer Representative
Phone No.: 1-408-533-7700
Fax No.: 1-408-533-4555

[USA]

* FCC regulations restrict operation of this device to indoor use only.

* The operation of this device is prohibited on oil platforms, cars, trains, boats, and aircraft, except that operation of this device is permitted in large aircraft while flying above 10,000 feet.

* Operation of transmitters in the 5.925-7.125 GHz band is prohibited for control of or communications with unmanned aircraft systems.

* This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

* This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

* You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

- FCC RF Radiation Exposure Statement:

- This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
- For portable operation, this device has been tested and meets FCC RF exposure guidelines. When used with an accessory that contains metal may not ensure compliance with FCC RF exposure guidelines.

[Canada] CAN ICES-3(B) / NMB-3(B)

* The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

* This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- This device may not cause interference, and
- This device must accept any interference, including interference that may cause undesired operation of the device.

[Caution]: Exposure to Radio Frequency Radiation

- To comply with the Canadian RF exposure compliance requirements, this device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.
- For portable operation, this device has been tested and meets ICSED RF exposure guidelines. When used with an accessory that contains metal may not ensure compliance with ICSED RF exposure guidelines.

[Caution]: Devices shall not be used for control of or communications with unmanned aircraft systems.

* les dispositifs fonctionnant dans la bande de 5 150 à 5 250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux

* L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- l'appareil ne doit pas produire de brouillage, et
- l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

[Attention] : Exposition aux rayonnements radiofréquences

- Pour se conformer aux exigences canadiennes en matière d'exposition aux RF, cet appareil et son antenne ne doivent pas être colocalisés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.
- Pour un fonctionnement portable, cet appareil a été testé et répond aux directives d'exposition RF de l'ISED. Lorsqu'il est utilisé avec un accessoire contenant du métal, il peut ne pas garantir la conformité aux directives d'exposition aux RF de l'ISED.

[Attention]: Les dispositifs ne doivent pas être utilisés pour commander des systèmes d'aéronef sans pilote ni pour communiquer avec de tels systèmes.
