Re: HN2SB555-2

To whom it may concern,

Intermec Technologies Corp. hereby declares that the CDMA transceiver module SB555 used in our 700C handheld terminal product (FCC ID: HN2SB555-2) is the same transceiver module as Sierra Wireless' CDMA module approved under FCC ID: N7NSB555. No hardware or software modifications have been made to the module for its integration into our terminal.

Please feel free to contact me, if you have any questions.

Sincerely,

Carl K. Turk, MSEE  
Sr. EMC Engineer

A handwritten signature in blue ink that reads 'C. Turk'.
