Gentlemen,

In accordance with 0.459 of CFR 47, Honeywell Inc. hereby requests confidentiality of all attachments (Block Diagrams, Circuit Description, Circuit Diagrams, Parts List, Operational Description, etc) for the subject application.

These documents contain detailed system and equipment description and related information about the product which Honeywell Inc. considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Honeywell Inc. considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,
