Subject Request for Confidentiality

FCC ID: HSW-2410NF

To Whom It May Concern,

Pursuant to the provisions of Sections 0.457(d) and 0.459 of the Commission's rules (47 CFR 0.457, 0.459), Murata hereby requests confidential treatment for documents filed with the Commission in connection with the application for equipment authorization referenced above.

Permanent Confidentiality

Murata respectfully requests confidentiality of certain materials provided with the submission of the WIT2410NF under FCC ID: HSW-2410NF in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality applies to the following documents, to be held from public viewing indefinitely:

1. 16-0403 – Schematics.pdf
2. 16-0403– System Block Diagram.pdf
3. 16-0403– Theory of Operation.pdf

The WIT2410NF has been developed at considerable effort and expense by Murata. These items are considered as Trade Secrets and therefore public access to proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

It is understood that the measurement test reports and FCC ID label format cannot be claimed as a confidential document and will be available for public viewing when the Grant is issued.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to be 'Mark Tucker', with a stylized, cursive-like script.
