Manual Requirement of FCC / ISED

Model: DNNS137

Our product is one of vehicle parts incorporated into the vehicle as original equipment.

Therefore, we will not supply the user manual. However, we will ask the vehicle manufacturer to include following statements in the user manual of the vehicle in accordance with FCC and ISED requirements.

# 1. Requirement for User manual of the vehicle

## 1.1. FCC Requirement

In accordance with 15.21 of FCC rule, following statement will be included in the user manual of the vehicle.

#### **FCC WARNING**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

In accordance with requirement of FCC§15.19(a)(3), following statement will be included in the user manual of the vehicle.

### **NOTE**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

In accordance with requirement of FCC radio frequency Exposure Guidelines, following statement will be included in the user manual of the vehicle.

## **CAUTION: Radio Frequency Radiation Exposure**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

### Co-location

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

Manual Requirement of FCC / ISED

Model: DNNS137

# 1.2. ISED Requirement

In accordance with requirement of RSS-GEN, following statement will be included in the user manual of the vehicle.

The antenna cannot be removed (and changed) by user.

L'utilisateur n'est pas autorisé à retirer (ou modifier) l'antenne.

### **NOTE**

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

In accordance with requirement of RSS-102 of the ISED radio frequency Exposure rules, following statement will be included in the user manual of the vehicle.

## **CAUTION: Radio Frequency Radiation Exposure**

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment and meets RSS-102 of the ISED radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

### ATTENTION: exposition aux radiofréquences

Cet équipement est conforme aux limites d'exposition aux rayonnements d'ISDE établies pour un environnement non contrôlé ainsi que la norme CNR-102 de la réglementation d'ISDE relative à l'exposition aux radiofréquences (RF). Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et le corps.

## Co-location

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

#### **Emplacement**

Cet émetteur ne doit pas être installé ou utilisé conjointement avec d'autres antennes ou émetteurs.
