RE: FCC PCII Certification Request for Zebra embedded radio (I28MD-CXLAN11G)

We are submitting an application for a class II permissive change to the limited modular approval of the Zebra embedded radio (FCC ID: I28MD-CXLAN11G, Original Grant Date: Jan 04, 2010). The transmitter module itself has not changed,. The purpose of this application is to add RW220, RW420 printers as with host using different antenna (similar antenna with less gain) for this radio.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles A. Derrow".
