Federal Communications Commission

RE: FCC PCII Certification Request for Zebra embedded radio (I28MD-CXLAN11G)

We are submitting an application for a class II permissive change to the limited modular approval of the Zebra embedded radio (FCC ID: I28MD-CXLAN11G, Original Grant Date: Jan 04, 2010). The transmitter module itself has not changed, but new antenna design from board-type antenna to WRR series dipole antenna with gain 1.3dBi at 2.45GHz. The purpose of this application is to add ZM400 and ZM600 printer as host for this radio.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles A. Derrow".

Charles A. Derrow
