

Trucker Antenna

Designed exclusively for Trucks, RV's and Semi's

- 28" tall mast increases signal strength on vehicles with high roof lines.
- Chrome bracket mounts firmly on mirror frame making installation trouble free.
- 3 dBd mast offers superior performance.
- Spring loaded shaft offers lasting durability.

Technical Specifications

Frequency Range	824-896 MHz
Impedance	50 Ohms
VSWR range	Less than 1.9:1 over specified
Cable	15' RG-58/U
Height	28" open coil
Gain	3 dB
Power Input	60 watts maximum
Warranty	Lifetime

Trucker Antennas

Name	Description	Connector	Part Number
Trucker	3 dBd gain, 15' cable w/mounting bracket	TNC connector	810
Trucker	3 dBd gain, 15' cable w/mounting bracket	Mini-UHF connector	815
Trucker	3 dBd gain, 15' cable w/mounting bracket	ACC connector	819
