Subject: Re: Follow-Up Questions Regarding FCC ID: IHDP56KZ1

Hi Greg, again :-)

We have tested SAR again and revised full SAR report. Please find our response to your questions below and attached, and let us know if you have any further questions.

RE: FCC ID: IHDP56KZ1

Applicant: Motorola Inc.

Correspondence Reference Number: IHD091486 -A
Confirmation Number: 912101486-9
Date of Original Email: February 4 , 2010

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Thank you for your email. Regarding your response to question #1, the revised DTS and DSS test reports referenced were not submitted- please do so (only the revised DSS and DTS radiated emission reports were submitted).

Response: Please refer to the DTS & DSS conducted reports submitted online on Feb. 5.

2. Regarding your response to question #1, the revised PCE EMC report lists a new testing completion date. Based on this, the environmental chamber shown in the equipment list was past its cal due date at the time of testing. Please address.

Response: Please refer to the revised EMC report submitted online on Feb.5.

3. Regarding your response to question #4, the revised DTS report was not submitted (see #1, above). Please submit it.

Response: DTS conducted report submitted online on Feb.5.

4. Regarding your response to question #7, based on the DTS output power data on p.9/90 of the revised SAR report, FCC procedure requires that the following channel / data rates be tested for SAR:

Ch 1: 1 Mbps, 5.5 Mbps
Ch 6: 1 Mbps
Ch 11: 1 Mbps, 2 Mbps, 5.5 Mbps

All of these are in 802.11b mode. Please provide this additional SAR data.

Response: Please refer to the revised SAR report (rev.B) attached.

Thanks!

Lillian Li
