Re: Application for Cellular/PCS Transceiver Certification
(Class II Permissive Change)

Application:

Motorola Mobility, Inc., Mobile Devices, 600 N. U.S. Highway 45, Libertyville, Illinois 60048-1286 herein submits for a Class II Permissive Change Certification of Transceiver, FCC ID: IHDP56LK1. The equipment authorized by the original grant was not marketed.

Description of Change:

Secondary source parts degraded the HAC T Rating. Motorola Mobility requests a class II permissive change for an M Rating only. We attest that one model will only be associated with no more than one HAC Rating per FCC HAC requirements. We have re-submitted the original representative HAC RF Emissions Report in this filing for reference purposes.

No EMC or SAR degradation is reported.
