Exhibit 2. Statements of Certification -- Pursuant to 47 CFR 2.907

2.1. **Specification Compliance**

Transceiver type (IHDP56LU2) has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that this equipment complies with the appropriate standards. Each unit manufactured imported or marketed, will conform to the sample tested within the variations that can be expected due to quantity production and testing on a statistical basis. I further certify that the necessary measurements were made at Motorola, 600 N. U.S. Highway 45, Libertyville, IL 60048.

TITLE: Sr. Engineering Manager

2.2. **Statement of Certification**

I hereby certify that the above application was prepared under my direction and that to the best of my knowledge and belief, the facts set forth in this application and accompanying technical data are true and correct.

The technical data supplied with this application was taken under my supervision and is hereby duly certified. I also certify that this transmit equipment (IHDP56LU2) is in compliance with all applicable parts of the FCC Rules.

2.4. Attestation Regarding Limited Modular Approval

This limited modular device will be marketed and operated only for use as part of a system with FCC ID IHDP56LU1). Installation or service of this module will be performed solely by the grantee or grantee's designee, either in the factory at the time of manufacture or at an authorized service center supporting field upgrades. The module is not user accessible, replaceable, or serviceable.
